

Exhibit 20

Welcome

Imprelis® Class Action Settlement

This is the official court-approved website for the Imprelis® Class Action Settlement.

A class action settlement provides money and other compensation for damage to trees and other vegetation that was caused by an herbicide (weed-killer) called Imprelis®.

Imprelis® was applied by lawn care professionals on residential and commercial properties, as well as by licensed "self-applicators" on golf courses and other properties. Imprelis® was approved for application across the country - except in California and New York - between August 31, 2010, and August 21, 2011.

This Settlement provides compensation to three groups, called classes, of individuals and businesses. Select one of the classes for more details.

Notice of Final Settlement

The Settlement is now final. The settlement became final on June 16, 2014. A notice of Final Settlement has been sent according to the terms of the Agreement.

If you have already received a Claim Resolution Agreement (CRA) that you have not yet signed and returned, you may have one or more of the following options:

(1) sign and return your CRA; (2) submit a written objection to your CRA by the deadline set forth therein; or (3) file a Notice of Intent to Appeal to the three arborist Appeals Panel.

Class members also may be eligible to file warranty claims. More details about options available to class members are set forth in these FAQs.

If you have not received a response from DuPont concerning an existing claim or warranty claim, please be advised that DuPont is continuing to process existing claims and conduct site inspections.

Class 2 (Lawn Care Professionals)

The Settlement includes compensation for three groups, called classes, of individuals and businesses. Class 2 includes Imprelis® Applicators (Lawn Care Professionals) that:

- 1) Purchased Imprelis® or received Imprelis® from a purchaser, and
- 2) Applied Imprelis® on property owned by another person or entity in the U.S. as part of their normal business.

If you or your business are included in Class 2, you could be entitled to several types of compensation, including cash payments for:

- 1) Customer site visits, field work, and expenses incurred prior to September 6, 2011 in investigating and documenting Imprelis® damage on customers' properties;
- 2) Returning unused Imprelis®; and
- 3) Assisting your customers with the Settlement Claims Process, if approved.

LCOs who (1) have customers still awaiting initial site inspections, and (2) wish to perform site inspections and complete claim forms for those customers, were required to submit a completed on-line form to DuPont by August 29, 2014 in order to participate in this process. (Note that the ability to participate in site inspections applies only to initial inspections and not to inspections related to warranty claims. Most properties already have received initial site inspections. Therefore, participation necessarily will be limited.) **The deadline to register for participation in this process has passed, and enrollment is now closed.**
